

Applications

15Five

Application

Manage Users in 15Five

Active Directory

Application, Automated

Provisioning, Supports Gateway

Manage access to Microsoft's Active Directory.

Adyen

Application

Manage Users in Adyen

Amazon Web Services

Application

Provides integration for Amazon Web Service cloud based applications

Apache Hadoop

Application

Provides integration for the Apache Hadoop collection of open-source software utilities

Azure Active Directory

Application, Identity Managing,

Automated Provisioning

Manage user access to Office 365, Microsoft groups, Azure services and more.

Azure Active Directory B2C

Application, Automated Provisioning

Manage B2C users in Azure Active Directory.

Azure Active Directory Read ...

Application, Identity Managing

View user access to Office 365, Microsoft groups, Azure services and more.

BMC Helix

Application

Provides integration with BMC Helix API management software.

Box
Application

User and group management for Box

CA AFC2
Application

Provides integration with Computer Associates AFC2 (Access Control Facility)

CA Identity Manager
Application

Provides integration with Computer Associates Identity Manager

CA Top Secret LDAP
Application

Provides integration with Computer Associates Top Secret LDAP

Ceridian Dayforce
Application

Provides integration with Ceridian Dayforce HCM software

Clarity Software
Application

Provides integration with Clarity Software suite of on-premise MIS applications.

Concur
Application

Manage Users in Concur

CyberArk
Application

Manage Users in CyberArk

Dell EMC
Application

Provides integration with Dell EMC enterprise IT management solutions

DocuSign
Application

Provides user and permissions management for DocuSign

Dropbox
Application

Manage users in Dropbox

Duo Security Admin
Application

Manage Duo Security admin account

Application

Provides integration with Microsoft Dynamics 365 Business Central ERP software

Dynamics 365 for Finance an...

Application

Provides integration for Dynamics 365 for Finance and Operations ERP systems

Dynamics 365 Sales

Application

Provides integration for the Microsoft Dynamics 365 sales module

Dynamics CRM 365

Application, Identity Managing, Automated Provisioning

Manage users in Dynamics CRM 365.

Dynamics GP

Application

Provides integration for Microsoft Dynamics GP accounting and ERP software

Dynamics NAV

Application

Provides integration with Microsoft Dynamics NAV enterprise resource planning application

Epic

Application

Provides integration for Epic Systems Corporation suite of healthcare software

Federated Directory

Application

Connect to SCIM 2.0 supporting applications to manage users and groups.

FICO Analytic Cloud

Application

Provides integration for the FICO Analytic cloud

GitHub Cloud

Application

Read access to GitHub organizations in the cloud (free, pro, teams, and enterprise cloud)

GitHub Repository

Application, Supports Gateway

Read Access to GitHub Server Repositories

GitHub

GitHub Server

Application, Supports Gateway

Read Access to GitHub Server

G Suite

G Suite

Application, Automated Provisioning

Manage Access to G Suite

HubSpot

Application

Manage Users in HubSpot

IBM AIX

Application

Provides integration for IBM AIX operating systems

IBM AS/400

Application

Provides integration with IBM AS/400 operating system

IBM Db2

Application

Provides integration with the IBM Db2 family of data management products

IBM RACF

Application

Provides integration with IBM Resource Access Control Facility (RACF)

Informatica

Application

Manage Users in Informatica

Jenkins

Application

Provides integration for on-premise Jenkins

Jira Cloud

Application, Automated Provisioning

Manage Access to Jira Cloud

Jive

Application

Manage Users in Jive

Linux

Application

Provides integration for Linux operating systems

Microsoft Exchange
Application

Provides integration with Microsoft Exchange servers

Microsoft Facial Recognition
Application, Automated Provisioning

Manage people in Microsoft's facial recognition software FaceAPI.

Microsoft Windows
Application

Provides integration with Microsoft Windows operating systems

NetApp

NetApp
Application

Provides integration with NetApp cloud services

Novell NetIQ eDirectory
Application

Provides integration with Novell NetIQ eDirectory directory services

Office 365

Application, Identity Managing, Automated Provisioning

Manage user access to Office 365, Microsoft groups, Azure services and more.

Office 365 Read Only

Application, Identity Managing

View user access to Office 365, Microsoft groups, Azure services and more.

Okta

Application, Automated Provisioning

Manage access to Okta and it's protected applications.

OpenIDM

Application

Manage Users in OpenIDM

OpenLDAP

Application, Automated Provisioning, Supports Gateway

Manage access in OpenLDAP.

Oracle Cloud

Application

Provides integration for Oracle Cloud applications

Oracle Fusion ERP

Application

Provides integration for Oracle Fusion ERP systems

Oracle Internet Directory
Application

Provides integration for Oracle Internet Directory

Oracle PeopleSoft
Application

Provides integration with Oracle PeopleSoft Human Resources Management software

Oracle Siebel CRM
Application

Provides integration with Oracle Siebel CRM systems

Oracle SunOne/ODSEE
Application

Provides integration with Oracle SunOne/ODSEE directory servers

PayPal
Application

Manage Users in PayPal

PingID
Application

Provides integration with Ping Identity access management software

Radiant Logic
Application

Provides integration with Radiant Logic identity services

Salesforce
Application, Automated Provisioning

Manage Access to Salesforce

SAP Ariba
Application

Provides integration with SAP Ariba Connect procurement and supply chain solutions

SAP Cloud Platform API
Application

Provides integration with the SAP Cloud Platform API

SAP Cloud Platform IAS
Application

Provides integration with the SAP Cloud Platform Identity Authentication Service

SAP Fieldglass
Application

Provides integration with SAP Fieldglass cloud-based vendor management systems

SAP Governance Module
Application

Provides integration with the SAP Governance Module

SAP GRC
Application

Provides integration with the SAP Governance, Risk and Compliance module

SAP® GRC2
Application

Manage Users in SAP® GRC2

SAP Hana
Application

Provides integration with SAP Hana database management system

SAP HR
Application

Provides integration with SAP HR human capital management (HCM) systems

SAP SuccessFactors
Application

Provides integration with SAP SuccessFactors HCM software

SAP® Sybase
Application

Provides integration with Sybase database servers.

ServiceNow

Application, Automated Provisioning

Manage accounts in ServiceNow ver.K. Includes user provisioning and deprovisioning.

ShareFile
Application

Manage Employees in ShareFile

Sharepoint Online
Application

Read Access to Sharepoint Online
